About us

Wingspann Global is an emerging aerospace company focused on the design and development of advanced unmanned aerial systems and drone-based solutions. Built on a foundation of innovation, engineering excellence, and forward-thinking, we aim to deliver intelligent, reliable, and scalable aerial technologies.

By integrating AI-driven autonomy, modern avionics, and robust system design, we are working towards enabling efficient, data-driven operations across defense, industrial, and commercial sectors.

***Innovation-driven aerospace
company building next-
generation UAV solutions***

WINGSPANN GLOBAL

Innovation-Precision-Excellence

Building the future of aerospace, one
system at a time.

INDUSTRIES

DEFENCE AND SECURITY

INFRASTRUCTURE INSPECTION

SURVEYING AND MAPPING

AGRICULTURE AND
LAND MONITORING

CORE CAPABILITIES

- **UAV DESIGN & DEVELOPMENT**

End-to-end design, prototyping, and system integration of unmanned aerial platforms.

- **DRONE-BASED SOLUTIONS**

Aerial mapping, inspection, surveillance, and data acquisition services.

- **CONSULTANCY AND CUSTOM SOLUTIONS**

Project-based solutions tailored to client and mission-specific requirements.

LOOKING AHEAD

As we scale, Wingspann Global is focused on expanding its capabilities in UAV manufacturing, advanced testing, and certification. Our goal is to develop globally competitive, reliable, and mission-ready aerial systems aligned with India's growing technological needs.

INNOVATION

PRECISION

EXCELLENCE

***Built for
Performance.
